MINDEN, FRIDAY, SEP. 2, 1892.

County of Haliburton Sunday School ASSOCIATION.

On Wednesday last the Sunday
School workers of this County held a
most interesting and successful meet-
ing in the Presbyterian Church, Minden,
Rev. W. H. Learoyd in the chair. The
object of the meeting was to form a
Union Sunday School Association for
the County. Rev. W. A. Hunter, M.
A., of Erskine Church, Toronto, hav-
ing been delegated by the Provincial
Association was present and took charge
of the organization. The proceedings
were opened at two o'clock in the after-
noon by Rev. W. H. Learoyd, who
conducted the opening devotional exer-
cises. Rev. W. A. Hunter delivered a
very able and instructive address, more
particularly to the young people, of
whom there were a large number pres-
ent. Rev. J. S. Green offered prayer
for Divine Blessing on Convention,
Rev. D. C. Day gave an address on
Sunday School work and was followed
by Messrs. T. H. Rogers, Supt. of the
Minden Methodist Sunday School, and
J. H. Delamere with short addresses.

Rev. Mr. Hunter then took charge
of the organization when the following
officers were unanimously elected:—
President, Mr. John H. Delamere.
Vice Pres., Mr. Thos. H. Rogers.
Secretary, Mr. E. C. Young.
Treasurer, Mr. C. S. Eggleton.
Committee, Messrs. John Johnston,
Carmarvon; E. Buchanan, Wilberforce;
G. C. Read, Haliburton; W. Hughes,
Geleit; W. Pettigrew, Allsaw, and H.
Crahan, Kilmount.

During the meeting an excellent un-
ion choir gave some choice selections
of music; the meeting then adjourned
till 7 o'clock p. m.

EVENING SESSION

At seven o'clock the spacious Church
was comfortably filled, when the newly
elected President, Mr. J. H. Delamere
took the chair, and the session was
opened by the choir singing the doxol-
ogy and the Rev. I. L. Hargrave read-
ing a portion of scripture, followed by
prayer. The choir then sang "Plead-
ing with Thee," after which the chair-
man gave an address of welcome and
was followed by the choir singing "The
Glad Message." The chairman then
called upon Rev. W. H. Learoyd for an
address to which that gentleman respon-
ded in an able manner on Sunday
School working; how to make it inter-
esting and also how to retain the inter-
est and co-operation of the senior pu-
pils, embracing many other interesting
topics in the same line of thought, he
was very attentively listened to. The
choir then sang "Lead me, Saviour,"
after which the chairman introduced
Rev. W. A. Hunter, who received a
very hearty welcome from the audience.
we are sorry our space prevents us giv-
ing our readers a synopsis of Mr. Hun-
ter's address, which was interesting,
powerful and instructive; for over an
hour he kept the wrapt attention of the
audience by his eloquent discourse, il-
lustrating the Bible in all its beauty
and variety, those who came expecting
an intellectual treat, did not go away
disappointed. Mr. Hunter's appear-
ance here was of more than ordinary in-
terest, as many of our people hold a
pleasing recollection of his labors in
Haliburton County as a young mission-
ary some fourteen years ago, and their
expectations of the then gifted youth
were fully realized on Wednesday night,
many enquiries were made "will he no
come back again," and great gratifica-
tion was felt by the entire audience
when he stated that if spared and cir-
cumstances permitted, he would make
us another visit during his holidays
next year. A collection was then taken
up towards the delegate's travelling ex-
penses. A question drawer had been
started and Rev. Mr. Hunter devoted
some little time to the answering of the
many questions he found therein some
of which were both pertinent and inter-
esting. After which the choir rendered
"Till we meet again," very effectively.
The next of the

should be teachers, how to conduct
classes, how the lessons should be
studied and taught, &c., and acquitted
himself satisfactorily, he was followed
by Rev. I. L. Hargrave, who gave a
short but clear and comprehensive ad-
dress, at the close of which the chair-
man took occasion to thank the large
and intelligent audience for their atten-
dance; he also conveyed to the choir,
the speakers and the committee of man-
agement the thanks of the Association
for the very able and effective services
they had rendered; to the Rev. Mr.
Hunter he expressed the deep debt of
gratitude that all who heard him were
under for his visit and able addresses.
The choir then sang "God be With
Thee Till We Meet Again," and one of
the largest and most successful religious
meetings ever held in this place was
brought to a close by the Rev. Mr.
Hunter pronouncing the benediction.

VAST MINERAL RESOURCES.

How Ontario will Advertise her Great Natural Wealth at the World's Fair.

The World's Fair at Chicago will be the first exhibition that has ever done justice to the minerals of Ontario. Canada has been allotted 10,000 feet altogether for minerals, of which Ontario should have at least 4,000 feet, while 5,000 feet will be used if it can be obtained. These minerals come from all sections of the Province. From the immediate country north-east of Toronto comes lead, copper, iron, gold, marble, granite, mica, asbestos, and phosphate of lime. Then from Western Ontario comes gypsum, petroleum, marl, salt, terra-cotta clay, and various kinds of building stone. Around Sudbury and on the north shore of Lake Huron are found rich deposits of nickel, copper and iron, while further west again are silver, marble and lead; in fact these are found all over the northern portion of the Province.

A fact not generally known, even in the Province itself, but which this exhibit will fully show the world, is that in various parts of Ontario, such as Renfrew, Cornwall, Frontenac and some of the northern districts, the finest marbles and granites, grey, black, white and brown, to be obtained anywhere in the world are found.

Hon. A. S. Hardy, Commissioner of Crown Lands, is determined to have the mineral resources of this Province properly advertised to the world, and looks at the coming fair as Ontario's opportunity. By his direction every effort is being made to assist the Ontario Commissioner for the fair to secure a collection worthy of the Province, and which it is naturally well able to produce.

The Exco will gladly receive and forward specimens from this locality.

The farmers here are busy with, and enjoyed over a very bountiful harvest and the yield of grain promises to be great. Owing to the continued fine weather the last week a great part of the harvest is already in the barns. The hay was also a splendid crop.

Under the able management of Mr. Hutchinson, the T. B. & O. railway is being pushed with much vigor, he having men working all along on about eight miles of the road. There have been some families moved into town lately which has made quite an addition to our population.

Some of our young ladies here have taken quite a notion of rowing on our beautiful lake, and they gave a splendid exhibition of their skill the other day; the adroitness with which they could ply their oars and turn the boat was something amazing. Yours truly, J. W.

He Was the Big Party Himself.

A story is told of a gentleman prominently connected with one of the big foundries in Pittsburgh. The gentleman in question is an unusually large man, very tall and fat around. Finding himself caught in a little town about 25 miles from Pittsburgh one night, with no train going to the city, and being very anxious to reach there at 11 o'clock, he wired to an express down the track to stop for him.

"We stop for officials only," came the answer.

Quick as a flash went the second telegram.

"Will you stop for a large party?"

"Yes," was the reply, and the long express slowed up and stopped when it reached the little town, and the gentleman complacently stepped aboard.

"Where is the large party?" inquired the conductor, with wide open, astonished eyes, as he gazed about the empty depot.

"Ain't I large enough?" chuckled the delighted new passenger.

The conductor glared, and then burst into a hearty laugh as the fitness of the application burst upon him.

Bless Her!

She wants to hang a picture on the wall. She gets a nail and a hammer and a tall chair to stand on; then she calmly surveys the situation.

Then she measures the distance, and shakes her pretty head; then once again she prepares for action.

She takes the nail in her left hand, and the hammer in her right, and sets to work tapping gently, like the drum accompaniment of a musical box.

Then she lays herself out for a big blow, raises her arm, and strikes—and yells like a captured wild cat being skinned alive in the woods by a chagrined gamekeeper.

She goes about for the rest of the day with her thumb done up in a broad poultice, and yet—if you wish to win money—safe and sure than betting on any horse or boat race that ever was invented—just make a wager that she has another try at driving that nail to-morrow morning, and hits her thumb once again on the very same identical spot!

A Wonder of the World.

There passed through Toronto last evening, on his way to Chicago, a gentleman who has the most gigantic project in view ever known to the world. If he should prove successful in his scheme the commercial world will be revolutionized, space will be almost completely annihilated, the wonders of the cable and telephone will be cast into oblivion and electricity will become a secondary power. Mr. Nathan Bernstein, one of New York's most notable bankers and brokers, is the man. His scheme is to span the Atlantic ocean with a pneumatic tube, which will convey letters from New York to Liverpool within the space of one hour. Speaking to the Empire last evening Mr. Bernstein said, "I suppose you think the idea a wild and idiotic one. That was what people, and very knowing people, said regarding the Atlantic cable when the projectors were endeavoring to secure financial aid. I remember at the time my father was a London banker. He was induced to put \$5,000 into the first company formed. When the Great Eastern left England to lay the first cable I think there was no more enthusiastic man on earth, notwithstanding the fact that his friends laughed at him, as did thousands of other practical business men at the project. Well, of course, you know the ship slipped her cable and had to return. Everybody said, 'I told you so.' My father got disheartened and sold his stock for \$50. The man he sold it to put up more money, the cable was ultimately completed, and my father's stock would be worth to him now, if he had held it, an immense amount of money. Now, of course, there are a class of people who will laugh at my present scheme, and will ridicule my idea of its proving a success. Let me laugh. I am positive years there will be at least a very strong feature in it that already there is a working in a limited way Liverpool, but I cannot as yet a decided success in operation."

be in the neighborhood of \$25,000,000. We have raised nearly half of this sum already, and after the test at the Fair we have no doubt but that we will have sufficient funds to lay another across the Pacific ocean. We calculate that the cost of the tubes will be paid in five years, even if we have to depend alone upon New York and London, but this we do not propose to do. When the business world finds that we can send letters across the ocean in one hour, a movement will soon be on foot to connect every town and city in the world with the tube terminal, in precisely the same manner as the telegraph systems of to-day operate. Just fancy the revolution this will be. Fancy a business man sending a letter from Toronto at eight o'clock a.m., and receiving a written reply within four hours from London England! How your readers will laugh when they read all this! Remind them, however, that fifteen years ago they would have laughed the same old laugh if you had assured them that they might talk with a gentleman over a wire, say, down at Detroit. I am on my way to Chicago now to complete arrangements for the laying of the tube between St. Louis and that city. We expect to have it in working order a month before the Fair opens, and if we succeed our curiosity will prove the drawing card at the exhibition.

No cure, no pay. Send for book. Address M. V. LUBON, 24 Macdougall Ave. Toronto, Canada.

You can never keep up with the work on the farm, if you ever put off until to-morrow what can be done to-day.

He Would be Surprised.

"No," said Mrs. Baylow, "men are not good at buying bargains. There's my husband; I heard him say the other day that he paid \$15 for a box of cigars."

"Well, I went down town to-day and bought a box for \$1. Just fancy that! He'll be surprised when he comes home."

This is the title of a 32 page pamphlet of information, containing answers to all the questions an inquirer would be likely to ask about book, instruction, salaries of stenographers, how to secure positions, etc., etc. It will show what young men have done at home on farms and in workshops; how from the humblest beginnings the highest success has been reached by learning this art in piece-meal study, and while pursuing other occupations. The success of stenographers as compared with the success of young men in any other vocation in life, will be seen to be marvelous and encouraging. The author of this system was himself a farmer's boy and learned the art while following the plow. The information he gives in this pamphlet will be of interest and value to every young man (or young woman either) who must earn their own living. The pamphlet is mailed for 5 one cent postage stamps to anyone writing for it and mentioning the paper in which this article appears.

MINDEN, FRIDAY, SEP. 2, 1892.

POST OFFICE.

THE Minden Post-office is still an interesting topic of conversation with the people of our village. Mr. F. R. Curry has promptly and positively declined having anything to do with it beyond holding it temporarily subject to the order of the Canadian post-office authorities.

BIG SHOW.

THE Toronto show opens on the 6th instant and should the weather prove favorable its success is beyond a peradventure. The entries in the horse and cattle and many other departments being largely in excess of any former show. This is now admitted to be the biggest annual show on the American Continent, and also the best arranged.

CHOLERA.

THIS dread plague that has been devastating some of the Asiatic and European countries has reached the shores of Great Britain and several fatal cases have occurred. The utmost exertion is being made by the authorities to prevent its spread, but that it has got a foot hold is undoubted and it behoves our Canadian authorities to see that the very strictest quarantine is maintained to prevent its admission into the Dominion.

Harvest.

THE splendid harvest weather prevailing last week and the early part of this week enabled the farmers of this locality to secure a vast amount of grain in excellent condition. On Tuesday evening a heavy rain storm put a temporary stop to their operations, but the prospect of a bountiful crop saved in good order is now almost assured.

Big Credit Sale.

A Port Huron firm of dealers in agricultural implements have filed chattel mortgages amounting to \$225,000.

Steamer Afire.

THE C. P. R. Steamer "Empress of India" had a startling experience during the last trip between Yokohama and Vancouver when 300 miles out from Yokohama fire was discovered in the after hold and Captain Lee headed his vessel for the nearest port 600 miles distant, but the fire was fortunately subdued and she resumed her trip reaching Vancouver on the 26th inst with 55 saloon and 145 steerage passengers, 45 sacks of mails and over 3000 tons freight. The danger at one time seemed so imminent that the boats were cast down, watered and provisioned to take off the passengers if necessary. Those on board speak very highly of the captain and the discipline of his crew.

First-Class Crayon Portraits

ANY of our readers desiring first-class crayon portraits made from photographs of members of their family should secure prices from the Anglo-American Art Association, No. 9 Ground Floor, Canada Life Building, Toronto, Ont., who have the largest staff of experienced artists in this line on this continent. Agents can make money securing orders for crayon portraits. Send for full particulars by mail or call on them. Work is unequalled and prices lower than the lowest. A sample portrait from this Company will be on exhibition at the office of the Echo.

Sudden Changes.

A cold, or exposure, many cause the poisonous acids in the blood to clog its circulation. This is rheumatism. Clark's Lightning Liniment will stop the pain at once. It should be taken both internally and externally. If the attack is severe, and it affords instant relief. If the pain appears again, it should be met with the same treatment, until a cure is effected.

FREE CRAYON PORTRAITS & FRAMES

To all our Subscribers for 1892.

We, the publishers of "North American Homes," in order to increase the circulation of our journal throughout the United States and Canada, will spend this year over one hundred thousand dollars among our new subscribers in the form of an artistic Crayon Portrait and a handsome frame (as per cut below), to be made free of charge for every new subscriber to "North American Homes." Our family journal is a monthly publication consisting of 10 pages, filled with the best literature of the day, by some of the best authors, and is worthy of the great expense we are doing for it. Eight years ago the *New York World* had only about 10,000 daily circulation; to-day it has over 200,000. This was obtained by judicious advertisement and a lavish expenditure of money. What the proprietor of the *N. A. H.* has accomplished we feel confident of doing ourselves. We have a large capital to draw upon, and the handsome premium we are giving you will certainly give us the largest circulation of any paper in the world. The money we are spending now among our subscribers will soon come back to us in increased circulation and advertisements. The Crayon Portrait we will have made for you will be executed by the largest association of artists in this city. Their work is among the finest made, and we guarantee you an artistic Portrait and a perfect likeness to the original. There is nothing more useful as well as ornamental than a handsome framed Crayon Portrait of yourself or any member of your family; therefore this is a chance in a lifetime to get one already framed and ready to hang in your parlor absolutely free of charge.

READ THE FOLLOWING GRAND 30 DAYS' OFFER:

Send us \$1.50, price for one year subscription to "North American Homes," and send us also a photograph, tintype or daguerrotype of yourself or any member of your family, living or dead, and we will make you from same an artistic half life size Crayon Portrait, and put the Portrait in a good substantial gilt or bronze frame of 2 inch moulding absolutely free of charge; will also furnish you a genuine French glass, boxing and packing same free of expense. Cut this out and send it with your photograph at once, also a subscription, which you can ren- Draft, P. O. Order, Money, etc.

TIN-TYPERS:—Mr. T. Hutton, prepared to take tin-types in the very style. All those wishing to get the tures taken should give him a call at Echo office.

Fire! Fire!!

The Express Company have offered to receive and carry free to Halifax any parcels of clothing or provisions that may be contributed for the St. John's sufferers. Anything left at the Echo Office will be promptly forwarded to the Express Company for transmission. The need is great, and action in this matter should be prompt.

HAIR CUTTING & SHAVING PARLOR.—I am now prepared to cut hair and shave. Open every evening (except Thursday) from 7 to 10 o'clock; also Saturday afternoon. Don't forget the place, over the Echo Office, Main Street. Everything convenient. A call solicited. Yours &c., C. W. Richards.

Oh, What a Cough!

Will you heed the warning. The signal perhaps of the sure approach of that more terrible disease Consumption. Ask yourselves if you can afford for the sake of saving 50c. to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails.

For good reliable Boots & Shoes, in Men's, Women's, Boys', Girls' and Children's sizes, go to Perkins & Co., 52 Kent Street, Lindsay; their stock is all ways well assorted, and they keep Ames, Holden & Co.'s celebrated Boots & Shoes, and their prices are right. Mr Perkins, who was with Messrs. Bryans & Co. during the time they were in business, has charge of the business, and customers may depend on getting the best value in the country. Be sure and see their goods when in Town. Perkins & Co., 52 Kent Street, Lindsay, first door East of Cathro & Co., opposite McLennan's Hardware Store—3-11

CONSUMPTION CURED.

AN old physician retired from practice, having had placed in his hands by a East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper. **W. A. NOYES, 820 Power's Block, Rochester N.Y.—33-52t**

Many Ladies

have written that Clark's Catarrh Cure has relieved them, restoring perfectly in every sense. Through gratitude they have consented that their names be published. Yet the Clark Chemical Company will not use this means to advertise their remedy. They will not parade the sufferings of any one, or invade the sacred privacy of any home. Any sufferer from catarrh will recommend Clark's Catarrh Cure, and that good word is worth more than the published certificate. Clark Chemical Company, Toronto, New York.

A Cold in the Head

Is the beginning of catarrh, and catarrh often lays the foundation for consumption. The last disease may be avoided by curing the first two, either of which yields at once to Clark's Catarrh Cure, price 50 cents. It clears the head, restores the sense of smell, and drives away that dull headache which all experience who have Catarrh in any form. One package of Clark's Catarrh Cure will work wonders. If the druggist has not got it, send price direct to Clark's Chemical Company, Toronto or New York, and the package will be sent by return mail.

HAVE YOU A GOOD PAIR OF EYES?

"EYE-TESTING" PRIZE CONTEST.

If your eyesight is above the average, perhaps you can tell us exactly how many dots there are in the above inner circle. If you can do this we guarantee you an elegant and valuable prize. It will be a more difficult task than you imagine at first sight. To the first person who can count the dots in the above circle correctly and send us the exact number which appears therein will be given a valuable Gold Watch, guaranteed to be a first-class timekeeper. To the second will be given a first-class Set of Encyclopaedia in library binding; to the third will be given a French Music Box; to each of the next five will be given a pair of genuine Diamond Earrings; to each of the next five will be given a Solid Gold Brooch with genuine diamond setting; to each of the next ten will be given a handsome Silk Dress Pattern, (16 yards in any color); to each of the next twenty will be given a genuine Coin Silver Watch. To the last person who sends the correct number of dots appearing in the above circle will be given a fine China Dinner Service; to each of the next five to the last will be given a Silk Dress Pattern (16 yards in any color); to each of the next ten to the last will be given a genuine Rhinoceros Brooch in solid gold setting; to each of the next twenty to the last will be given a Coin Silver Watch. This contest will be conducted on honor by one of the leading art publishing companies of the world. Every person answering must enclose forty cents (silver) or fourteen three cent stamps for one copy of a genuine reproduction of that famous picture, "A Flower Slave," size 2 1/2 x 7 inches, suitable and ready for framing. This picture will be an addition and ornament to the most artistic home. Nothing like it has ever been sold at this price. Our object is to introduce these art reproductions in this country. Our prizes are genuine and valuable. Nothing is charged for the above in any way. We absolutely give them free attention and introduce our beautiful work. We guarantee a valuable prize to every person who can send us the correct number above circle.
